Call for research positions at the Department of Mathematics at University of Hradec Králové, Czech Republic

The Department of Mathematics at University of Hradec Králové invites applications for two postdoc research positions starting on April 1 or May 1 of 2019.

The positions are for one year with possible prolongation for further two years.

Applications will be considered in the following areas:

- differential geometry, global analysis
- G-structures and Einstein metrics
- supergravity theories and string theories

The candidates must not be older than 36 years old and hold a PhD. They should submit a letter of application accompanied by a CV and a list of publications to Ioannis Chrysikos (ioannis.chrysikos@uhk.cz) not later than March 12, 2019.

Also, 1 or 2 letters of recommendation should be arranged to be mailed directly to ioannis.chrysikos@uhk.cz before March 12, 2019.

The successful applicants will be notified as soon as possible but not later than March 21, 2019.
