Author: Panahi, H.; Jahangiry, L.

Short title: Shape invariant and Rodrigues solution of the Dirac-shifted oscillator and Dirac-Morse potentials.

MR Number: 2546703

Primary classification: 81Q05

Secondary classification(s): 33C45

Review text:

Confluent hypergeometric ODE is reinterpreted, via elementary changes of variables, as an easy exercise in quantum mechanics. A trivial, sophomore-level work demonstrating just the low quality of referees of the Journal.
